Is this
the game
or the
TV show?

Only AlfredTM
knows for
sure.

And he's not talking. So you'll just have to find out for yourself in Konami's *The Adventures of Batman and Robin* video game. The new 16 meg blockbuster for your SUPER NES[®]. Plunge into the underworld of Gotham City and battle the Dark Knight's archenemies through 8 sinister levels. Each based on actual adventures from the animated TV series. Strap on Batman's utility belt and choose his weapons wisely. 'Cause you'll need more than fast fists to make it to the next crime scene alive.

Hurl a gas grenade and crack up *The Joker* on a lunch-losing roller coaster ride. Launch your *Batarang* and prune back *Poison Ivy* in her evil greenhouse. Then unleash your plastic explosives to unstuff the *Scarecrow's* plans to strike fear into the populace. Follow the *Bat Signal* to Konami's *The Adventures of Batman and Robin* video game. It's all the nonstop action of the animated TV series. Without all those annoying commercials.

GO WEST YOUNG MAN, AND BLOW AWAY ANYTHING THAT MOVES.

In the Old West, gun fighters let their guns do the talkin'. Now you can pack one that just won't shut up. **Lothal Enforcers™ II: Gun**

Fighters™. It's all the gun blazin' action of the smash hit arcade game, fired up for your **SEGA™ Genesis™** and **SEGA CD™**.

For fun and profit, you go out on a lasso the frontier.

Blast your way through five lightning fast levels. Aim for the heart to drop scum in their tracks. Draw your six-shooter and serve up some hot lead to ruthless bank robbers. Grab your Gatling gun and flush out a gang of grubby banditos.

And, if you're still standin', empty your shotgun into an evil shaman and his band of creepy, skeletal

ghouls. Never mind the stench, son.

So reach for your guns and see if you got what it takes to make Deputy, Sheriff or U.S. Marshall. But watch yourself, pardner. 'Cause You'll need a sharp eye and a quick trigger finger to dodge all them flaming arrows, cannonballs, skulls, tomahawks and powder kegs these crusty

varmints are a-throwin' your way. And mind the innocent townfolk and Holsteins. Shooting them will cost you.

Let the bullets fly and the bodies fall in Konami's **Lothal Enforcers II: Gun Fighters**. Gao falso move and the buzzards won't be got'n hungry tonight.

Also available on Sega CD.

ITEM! Say goodbye to Frank Castle! **PUNISHER WAR JOURNAL #75** features Frank's replacement — Lynn Michaels, the butt-kickin' lady Punisher, who is hot on the trail of Frank's War Journal. But Lynn's not the only one who wants the journal — a host of bad guys are in search of it, too, including the Trust, Terminal, V.I.G.I.L. and Heathen!

Editor Don Daley raved about this issue, starting with this cover, a Mark Texeira painting which is an homage to a Mike Zeck cover from the first PUNISHER limited series. Don promised, "The cover leaves no doubt that this is a female Punisher! Little boys will be out of control!"

Don feels **WAR JOURNAL #75** offers something for everyone. "Everyone who used to like the Punisher is going to like this issue. And people who never liked the Punisher are gonna like this issue!"

The creative team for PUNISHER WAR JOURNAL is writer Steven Grant and artist Hugh Haynes. Don concluded by noting that there has never been a better time to climb aboard the Punisher's war wagon. "A lot of big stuff is coming down!"

ITEM! It's a fight to the finish between Thor and Loki in this month's issue of **THOR** and this time, Loki wants to end this sibling rivalry for good!

The action kicks off in the pages of **THOR #483**, on sale next week, when Thor pays a visit to Loki's castle, on a quest to find out the truth about his former alter ego. Don Blake. It turns out Loki is the wrong guy to ask, but since Thor doesn't visit very often, the God of Evil decides to use this opportunity to seek revenge on his hated half-brother! (You'll never guess which mystery villain is really responsible for the Don Blake impostor!)

Writer Roy Thomas prom said that the mystery of Don Blake will be resolved once and for all in **THOR #483**. Roy summed up the issue as follows: "There's a big battle with Loki in his new battle armor... the final secret of Don Blake... and an amazing surprise at the end!" The artist for **THOR #483** is M. C. Wymen.

reinforced himself on Earth, and is gathering weapons of death and destruction, so that he can bring untold suffering upon us mere mortals! Penciler/co-plotter Ron Frenz said that Seth is truly a god to be reckoned with. "In this story, we establish the power of Seth. Bloodaxe gets his head handed to him in the fight, and he comes to Eric to ask for help in beating this guy!"

Ron said that **THUNDERSTRIKE #17** "leads into one of the more offbeat team-ups of the year" in the next issue, as Eric and Bloodaxe join forces to take on Seth! The team-up, noted

Ron, "allows us to crystallize the differences and similarities between Thunderstrike and Bloodaxe. In preparation for the big epic storyline that is to come. That storyline, which will run until issue #25, will culminate in the long-awaited revelation of Bloodaxe's true identity!"

Writer Tom DeFalco quarantined plenty of action! Ron and I pulled out a lot of the usual material, slow paced, and added material people have come to expect from us!" The cover for **THUNDERSTRIKE #17** is Al Milgrom.

How's it going you fuckknuckers? You guys are like, totally cool. The next time you guys go to kick Barry's ass, call us and we'll help ya. Barry suck! Like we have chicks and you like doing or something. Canadian chicks? Like all the American chicks suck, except the California chicks. Do you guys like watch X-men and stuff? Like a rouge and Jean gray are chicks and stuff. They have big things. Things are cool. We think you guys should like vote the ass. I hear lots of chicks go there and stuff. Yesterday, we were like walking on the streets and a man yelled at us and said get off the road. So we like kicked him in the nads.

Yo, Baris and Butt-head,

I thought it was cool when you beat the crap out of each other, kinda like Martial Kombat. But what you should do is beat the crap out of Stewart. Kick him in the nads and stuff. It would be cool if you shot Barry in the butt with a slingshot, too. I have always wanted to run him through with a pitchfork. (Muh-ha, I said 'pitch') A show about whores and prostitutes is coming on, so I gotta go.

Dear Baris & Butt-head,

In your comics you should like, fart more often. Farting is like cool. Huh-huh. Talking about farting you should like as Stewart in the ground and fart in his face until he gives you nudes or a bunch of money. I bet Baris has never scored! Huh-huh-huh-huh! Butt-head kicks ass. He will probably like a score! I gotta go, but like remember to take a dump on Mr. Fun Dinosaur's front porch. I hope he like, steps in it. Huh-huh!
